

## About the Journal

Journal of Rational Pharmacotherapeutics and Research (J Rational Pharmacother Res) is an official publication of the Indian Society for Rational Pharmacotherapeutics and is a peer reviewed, open access multidisciplinary medical journal published biannually from India. It was started online in the year 2013 and is now both an online and a print journal. It is a mirror reflection of the Indian Society for Rational Pharmacotherapeutics. It is a step forward to satisfy the professional quest to collect and disseminate medical information and scientific knowledge about various current medical problems and to update and increase the interaction among medical fraternity in the larger interest of the society.

The focus of the journal is on rational pharmacotherapeutics, Standard Treatment Guidelines, Pharmacovigilance, Clinical Pharmacology, Drug Discovery & Development and Rational Drug Prescribing, Essential Drugs, Drug Policy, Evidence Based Research Preclinical and Clinical Research. The Journal promises to be an important voice in the field of Pharmacology, Clinical Medicine and allied specialties. Journal accepts review articles, articles for educational forum, original research articles (full length and short communications), case reports, correspondence, letter to editor, articles on newer developments & drug reviews, in English. Articles concerning all aspects of Pharmacology and Clinical Medicine are welcome for publication.
